

W1 Wireless HDMI Extender

For coming huge flat TV screen and high definition resolution, users like to set up the AV system in living room, but the cable placement always is a great harassment to the interior house. Also the HDMI cable is as expensive as the length as be. Users deserve to have a wireless cable replacement to match their high class AV systems. Here shows up a high edge solution to meet users' equipment: W1 Wireless HDMI Audio-Video Transceivers!

This elegant product has HDMI interface to take multiple content sources like multimedia center, Blue-Ray Player and Set-Top Box, without compressing of content, the Wireless HD technology will offer multiple gigabit throughout for Full HD video transmission. User does not need to worry about video quality for lower transmission bandwidth any more. It also has compliance to Wireless HD, HDMI and DTCP for content security and quality assurance.

How does it work

The W1 Wireless HDMI Extender transmitter unit sits close to your source, the receiver unit sits close to your HDTV display. When the source, the receiver and the display are all powered on and connected, the auto-adjusting extender requires no manual turning or settings. Reminding, please choose about 6Ft standard HDMI cable to connect.

Features:

- * 36 antennas array.
- * Auto tracing - smart antenna.
- * Real-time, visually lossless HD compression.
- * Transmission distance reaches up to 10 meter indoor.
- * Works with HDMI 1.3c and Wireless compliant devices.
- * Work with HDCP and DTCP compliant devices.
- * Regulatory: FCC, CE, Telec, IC.
- * Easy to install and simple to use.

Specifications:

- * Supports 1080P/60Hz non-compressing image
- * Bandwidth: 4.0 Gb/second
- * Frequency: 60 GHz
- * AV Port: HDMI in x 1(TR), HDMI out x 1(RX)
- * Audio Format: Audio up to 8-ch, 24-bit 96KHz LPCM
- * I/O: RS232
- * Connector: HDMI 19-pin type A female
- * LED indicator: Power, Single weak, Single strong, Pairing
- * Reset Button: Yes.
- * Power supply: DC9V/1.5A
- * Operating temperature: 0~50°C ambient temperature
- * Storage Temperature: -30~70°C
- * Operation Humidity: 10%~90%(Non-condensing)
- * Storage Humidity: 5%~90%(Non-condensing)
- * Dimension: 183 x 80 x 36 mm.
- * Weight: 324g

Package Contents: White Box

1. Wireless HDMI Transmitter
2. Wireless HDMI Receiver
3. DC 5V Power Supply
4. User Manual
